## About Colorado Christian University

Founded in 1914, Colorado Christian University provides Christ-centered higher education that transforms students to impact the world with grace and truth. Located in Lakewood, Colorado, a suburb of Denver, CCU is the flagship Christian university in the Rocky Mountain region.

A leader in higher education, the University is consistently ranked in the top 2 percent of colleges and universities nationwide for its core curriculum by the American Council of Trustees and Alumni.

CCU offers undergraduate and graduate degrees for traditional and adult students through its College of Undergraduate Studies and College of Adult and Graduate Studies. CCU is an NCAA Division II university in the Rocky Mountain Athletic Conference (RMAC).

## Dual Credit

Colorado Christian University's (CCU Academy) dual credit program partners with high schools so that students can receive college credit for courses taught on high school campuses — with the school's curriculum and by the school's instructors.

### What are the benefits?

By taking dual credit courses in high school, students are better prepared for college work — making for a smooth transition between high school and college. Through dual credit courses, students receive college credit at a reduced rate, which lowers the overall cost of a college education and the time needed to complete degree programs.

### Road to Success

CCU Academy Dual Credit shortens the time required to complete an undergraduate degree, which opens the doors for students in several areas.

Earn college credit at a greatly reduced rate

Free up time for a double major or study abroad

Complete your college degree sooner and pursue graduate school

Compete in college athletics with a more flexible schedule

"Prior to attending Colorado Christian University, I took three dual credit classes through my high school who partnered with CCU. These nine credits helped me graduate from CCU in three-and-a-half years with a major in history and a minor in secondary education. After graduation, I started law school at the University of Denver, where I am scheduled to graduate with my juris doctor in 2021."

## Dual Credit Costs

CCU dual credit courses are \$200 per course regardless of the credits gained taking the course.

# Online Dual Enrollment

Designed for high school students, CCU Academy Online Dual Enrollment can jump-start your college career with fully accredited college credits. If you are in high school through a traditional format, homeschool format, or online format, you can take advantage of this opportunity.

CCU Academy online courses are taught by CCU instructors with a Christian worldview and use general education curriculum. Find a course list on the insert in the back.

## What are the benefits?

CCU Academy online dual enrollment courses are asynchronous, so students have the ability to fully integrate the courses with their current academic and extracurricular schedules. The courses are another option for students to receive college credit at a reduced rate and be better prepared for college course work.

*"I really enjoyed my experience taking the online course through CCU during high school. I received the help I needed and learned a lot in the process. I would highly recommend this course to anyone trying to get a head start on their college career."*

## How It Works

1. Follow the steps on our Registration page to create an account and CCU Login
2. Register for courses
3. Prepare for class by completing the “After Your Register” steps

## Online Dual Enrollment Costs

Online dual enrollment courses are **\$100 per credit**. Textbook and resource fees vary course to course. Students will be notified of the resources they need prior to class beginning.

Earn a degree

# Associate of Arts in Liberal Arts

CCU Academy offers students an associate of art degree that encompasses Colorado Christian University's mission, "Christ-centered higher education transforming students to impact the world with grace and truth."

The A.A. degree fully equips students with general education curriculum that focuses on **arts and humanities, biblical studies, communication, math, science, and social science**. Students must complete 60 hours, including 36 hours in general education courses and 24 hours in electives.

CCU Academy provides students with options to fulfill these credits with in-seat dual credit courses as well as online dual enrollment courses; however, students may transfer up to 75% of the required credits toward the A.A. degree. Find transferability details on page 10 and contact CCU Academy with any additional questions.

*"I am so thankful to have partnered with Colorado Christian University in order to receive my associate of arts degree as a senior in high school. This degree opened up many new possibilities that I would not have had otherwise. It gave me the opportunity to double major at Whitworth University with plans to graduate early and discover my purpose in the world."*

from Santa Clarita, CA*

## What are the benefits?

High school students will develop college-level skills through a robust schedule of courses to fulfill their A.A. requirements, and simultaneously, they will reduce the cost of their college education by significant amounts. Find course transferability details on page 10.

Depending on transferability, you as a student will enter into your undergraduate education with your general education curriculum completed. As CCU Academy intends, you will **save money, save time, and save hassle**. If you graduate early, you can focus on your professional development before you enter into the job market.

## Accreditors

Colorado Christian University is accredited by the Higher Learning Commission, a regional accreditation agency recognized by the U.S. Department of Education. The following are CCU's other memberships and accreditors.

## Transferability

With our accreditation and four-year liberal arts university model, CCU Academy dual credit, online dual enrollment, and A.A. degree credits will transfer to most colleges and universities across the nation. However, it is still the decision of colleges and universities as to how/if these credits will transfer.

It is the responsibility of the student to contact individual colleges and universities of interest prior to registering for CCU Academy courses, or beginning an A.A. degree track.

1

Confirm which CCU Academy courses are available, both online and through your high school

2

Contact colleges and universities of interest to see how CCU Academy credits will transfer

3

Order and send your official transcript to the university you are attending after high school graduation
