

Memorandum of Understanding
Between
Colorado Christian University
And
Northeastern Junior College

INTRODUCTION

At Colorado Christian University, we value adult students and the real world experience they bring to the classroom. That is why we are already partnering with community colleges across Colorado to help students reach their ultimate goal: a bachelor's degree.

This Memorandum of Understanding (MOU) sets forth the terms and conditions for students to transfer to specific Colorado Christian University – College of Adult and Graduate Studies (CCU – CAGS) degree programs following the completion of specifically articulated courses from Northeastern Junior College (NJC). This MOU does not apply to courses offered by CCU's other college, the College of Undergraduate Studies. Through this MOU, CCU and NJC hereby enter into an educational agreement designed to provide participating students the opportunity, upon completion of the articulated courses at NJC that meets NJC's Associates degree requirements as well as those detailed in the NJC/CCU Course Table, to complete the remaining articulated courses at CCU in order to attain a Bachelor's degree. This is made possible by the CCU commitment to high quality online instruction and student support services.

The MOU is also being entered into with the spirit of cooperation and mutual recognition of each other as quality institutions of higher learning. Each institution is dedicated to serving all students regardless of race, ethnicity, religion, sex, disability, color, age, marital status, national origin, or other non-merit factors.

PURPOSE

The purpose of the agreement is to enable NJC students who transfer to CCU to earn a bachelor's degree by attending the equivalent of three years of instruction at NJC and completing their fourth and final year at CCU in the aforementioned articulated degree programs. This MOU provides a structure through which transfer articulation on all levels can be supported.

This formalized partnership between CCU and NJC is meant to ease the transfer process for NJC students completing a bachelor's degree at CCU. Through this partnership, NJC students will benefit from multiple learning formats, small class sizes, and an accelerated semester schedule so the path to a four-year degree is as direct and as affordable as possible.

TERMS AND CONDITIONS

1. NJC students who complete the designated courses for a specific CCU degree completion program, as defined in this document, are guaranteed transferability of these particular credits to CCU. These transfer courses must be completed at NJC within five (5) years of the current CCU – College of Adult and Graduate Studies academic catalog.
2. CCU will develop course equivalency guides using both CCU course numbers and the NJC course numbering system. By creating these guides, CCU and NJC assure students that courses listed in these guides are freely transferable from NJC to CCU.

3. The course transfer guide designates each course as it relates to the transfer of CCU General Education courses and Core courses. Any course not listed will transfer as an Elective credit with the exception of or remedial (0-099 level) regardless of addition date.
4. NJC students transferring to CCU under this agreement shall have acceptance of academic credit hours earned at NJC, pending the following curricular and general conditions are met:
 - Undergraduate courses, including undergraduate education and nursing program courses, designated in this articulation agreement, which have been completed at NJC, must have a letter grade of "C" or higher to be considered for transfer.
 - Courses with grades of "On", "F", "IP", "I", "U", "AU", "D", "F", "Z", "In Progress", "Audit", or "No-Credit" are not transferrable. Grades of "S/C" are equivalent to a grade of "C".
 - NJC students that are transferring to CCU as a part of the Partnership Pathways program must have a minimum of a 2.0 grade point average as verified by an official transcript from NJC.
5. NJC student's CCU transcript will reflect the CCU course equivalent and "awarded" credits with no letter grade indicated. The transfer credits do not contribute to the student's GPA at CCU. Credits accepted by CCU in transfer are not guaranteed to transfer to other institutions.
6. Once admitted, NJC students must fulfill all program requirements and comply with all academic policies of CCU. CCU academic policies can be found in the Academic Handbook located at <http://www.ccu.edu/catalog/>.
7. Advising of NJC students regarding admission and program requirements to CCU will be the responsibility of the regular advising staff at NJC and CCU. CCU will designate one or more points of contact to respond to advising questions from NJC advisors. NJC will monitor the academic performance of its students enrolling under this agreement, and identify problems that may interfere with the successful transfer of the student to CCU.
8. CCU will arrange with NJC to meet with potential NJC transfer students desiring to take part in the Partnership Pathways. NJC will provide an appropriate location for presentations and advising.
9. NJC agrees to promote the Partnership Pathways through student, staff, alumni, and community publications/media.
10. NJC will allow CCU access to market and promote the Partnership Pathways to potential students. Examples include but are not limited to career and college fairs, opportunities to distribute materials on campus, attendance at on-campus admissions events, bulletin board space.
11. CCU and NJC agree to cooperate in communicating with each other and with their common and respective publics concerning the established relationship between the two institutions.
 - Any marketing of the MOU will be subject to the prior approval of both parties.
 - NJC will provide a link from its website to the CCU website and CCU will provide a link to the NJC website.
 - Representatives from CCU and NJC will confer annually to exchange updated degree requirements, admissions, and transfer information to be used during the subsequent academic year. Each institution will notify the other of any contemplated changes that would affect the future of this agreement.
12. Students may concurrently take courses at both institutions, as well as have access to advising and other services at both institutions, although the transfer block credit cannot be awarded until after the student submits an official transcript from NJC.

13. Federal regulations require that a student receive financial aid from only a single college from which courses are taken during a given quarter or semester. As a result of this agreement, NJC will draft a Consortium Agreement as the home institution and CCU as the host institution.
14. The CCU degree plan outlines degree completion requirements for each student. The degree plan is a written agreement between the student and the appropriate undergraduate program. If the degree plan expires before the student has completed all degree requirements, the student must complete the new degree plan in order to be awarded a bachelor's degree through CCU – CAGS.
15. This agreement includes transfer guides for the following programs:
 - Bachelor of Science in Accountancy
 - Bachelor of Science in Applied Psychology
 - Bachelor of Science in Applied Psychology with Biblical Studies Emphasis
 - Bachelor of Science in Applied Psychology with Clinical Counseling Emphasis
 - Bachelor of Science in Applied Psychology with Criminal Justice Emphasis
 - Bachelor of Science in Business
 - Bachelor of Science in Communication Studies
 - Bachelor of Science in Computer Information Technology with Data Engineering Emphasis
 - Bachelor of Science in Computer Information Technology with Database Management Emphasis
 - Bachelor of Science in Computer Information Technology with Networking Emphasis
 - Bachelor of Science in Computer Information Technology with System Analyst Emphasis
 - Bachelor of Science in Criminal Justice
 - Bachelor of Science in Information Systems Management
 - Bachelor of Arts in Marketing and Sales
 - Bachelor of Science in Nursing (Pre-Licensure)

RENEWAL, REVISION, and TERMINATION

This agreement is effective on October 1, 2019 and will be automatically renewed each year, for an additional four (4) years, unless terminated by CCU or NJC. Either party may terminate the agreement by submitting written notification at least 60 days prior to the date of July 1 of each year the MOU is in effect. Any program changes identified will be incorporated into subsequent agreements.

Should this MOU be terminated, NJC students in the process of applying to CCU at the time of cancellation will be allowed to complete the application process and complete degrees, subject to the requirement to complete the degree as specified by the degree plan.

The MOU is effective only under the condition that both transferring institutions maintain current accreditation by a regional accrediting association as recognized by the U.S. Department of Education. In the event either institution loses its accreditation, this MOU will immediately terminate.
